

NATIVE POLLINATOR-FRIENDLY GRASSES, SEDGES, & RUSHES

See full Recommended Species List for value to pollinators,
flowering months, & local suppliers.

*evergreen species are shaded green

*ground covers are shaded tan

SCIENTIFIC NAME	COMMON NAME
<u><i>Andropogon gerardi</i></u>	Big bluestem
<u><i>Andropogon ternarius</i></u>	Splitbeard bluestem
<u><i>Andropogon virginicus</i></u>	Broomsedge bluestem
<u><i>Arundinaria gigantea</i></u>	River cane
<u><i>Carex appalachica</i></u>	Appalachian sedge
<u><i>Carex flaccosperma</i></u>	Blue Wood Sedge
<u><i>Carex pensylvanica</i></u>	Pennsylvania sedge
<u><i>Carex plantaginea</i></u>	Plantain-leaved sedge
<u><i>Carex rosea</i></u>	Rosy sedge
<u><i>Carex texensis</i></u>	Texas Sedge
<u><i>Chasmanthium latifolium</i></u>	River oats

<u><i>Dichanthelium clandestinum</i></u>	Deer-tongue grass
<u><i>Elymus canadensis</i></u>	Canada wildrye
<u><i>Elymus hystrix</i></u>	Bottle brush grass
<u><i>Eragrostis spectabilis</i></u>	Purple lovegrass
<u><i>Juncus effusus</i></u>	Soft Rush
<u><i>Luzula acuminata</i></u>	Hairy Woodrush
<u><i>Muhlenbergia capillaris</i></u>	Muhly grass
<u><i>Panicum virgatum</i></u>	Switch-grass
<u><i>Schizachyrium scoparium</i></u>	Little bluestem
<u><i>Sorghastrum nutans</i></u>	Indian grass
<u><i>Tridens flavus</i></u>	Purple Top
